Ordenanza Núm. 23

Presentada por: Administración

PARA FIJAR EL MONTO DE LA DIETA EN CONCEPTO DE REEMBOLSO DE GASTOS QUE PERCIBIRÁ EL PRESIDENTE Y LOS DEMÁS LEGISLADORES MUNICIPALES, POR SU ASISTENCIA A LAS REUNIONES DE LA LEGISLATURA MUNICIPAL Y DE LAS COMISIONES LEGISLATIVAS Y PARA DEROGAR LA RESOLUCIÓN NÚMERO 42, SERIE 1994-95, APROBADA EL 14 DE JUNIO DE 1995.

Por Cuanto: Al presente los miembros de la Legislatura Municipal de Humacao perciben una dieta en concepto de reembolso por gastos que asciende a \$75.00 por cada reunión que asistan de la Legislatura o de sus Comisiones, mientras que el Presidente recibe una dieta de \$85.00 cuando preside las sesiones del Cuerpo.

Por Cuanto: El monto de esa dieta se ha mantenido inalterado desde junio de 1995, aunque el costo de vida ha continuado en aumento y las funciones y responsabilidades de los legisladores municipales se han hecho más complejas.

Por Cuanto: El Artículo 4.013 de la Ley Núm. 81 del 30 de agosto de 1991, enmendada, en adelante Ley Núm. 81, autoriza a las legislaturas municipales a decretar un aumento en las dietas que percibe cada legislador y el Presidente para lo cual se deberá tomar en cuenta el monto del presupuesto municipal, la situación fiscal, la población a la que se brindan servicios, la complejidad de los mismos, la extensión territorial, así como el alcance de las funciones de la Legislatura, incluyendo el esfuerzo y diligencia de los miembros en la consideración de los asuntos y medidas legislativas que tienen que estudiar y analizar.

Por Cuanto: De acuerdo al informe del censo llevado a cabo por el Gobierno Federal en el año 2000, la municipalidad de Humacao tenía 59,035 habitantes, su extensión territorial es de aproximadamente 44.8 millas cuadradas,

además de la zona urbana, o sea, el barrio Pueblo y sus sub-barrios urbanos San Francisco, Santo Domingo, Santiago y San Juan, su ruralía consta de 12 barrios, a saber, Antón Ruiz, Buena Vista, Candelero Abajo, Candelero Arriba, Cataño, Collores, Mabú, Mambiche, Mariana, Punta Santiago, Río Abajo y Tejas.

Por Cuanto: El presupuesto de ingresos y gastos aprobados por el Municipio de Humacao para el año fiscal 1994-95 era de \$16 millones contando con un presupuesto vigente de más de \$32 millones y según el informe sobre el estado financiero preparado por la firma Rodríguez, Parissi, Vázquez and Company, al cierre del año fiscal 2005 el Municipio de Humacao reflejaba en sus finanzas un sobrante disponible de \$5,039,452.75. Al presente se advierte en nuestro municipio una marcada tendencia en el desarrollo de nuevos proyectos de viviendas, en el establecimiento de nuevas empresas manufactureras, así como la expansión de las empresas existentes.

Por Cuanto: Las necesidades y asuntos de cada barrio son atendidos prestando el servicio o realizando la obra que corresponda, entre otras, reparación y construcción de caminos y viviendas, incluyendo el proveimiento de servicios o facilidades para la construcción, pavimentación o habilitación de una entrada a las viviendas desde una vía pública, limpieza de pozos sépticos, recogido de desperdicios y material reciclable, mantenimiento a instalaciones de recreación y deportes y servicios de ambulancia.

Por Cuanto: En apariencia la gestión de un Alcalde generalmente es considerada como una de pleno dominio y hegemonía sobre todo el ámbito decisonal en la ejecución de la obra pública de un gobierno municipal. Tal apariencia resulta ser una visión desajustada a la realidad, motivada, entre otras razones, por el poco conocimiento que tiene la población de la ingente labor que realiza la rama legislativa municipal.

Por Cuanto: Una simple lectura de las disposiciones que la Ley Núm. 81 dedica a los poderes y facultades de los gobiernos municipales, con meridiana claridad establecen un sistema de gobierno local constituido por la Rama

Legislativa y la Rama Ejecutiva a base de una participación conjunta de ambas ramas dentro del marco estatutario de cada una. Tenemos, pues, que el gobierno municipal es uno compartido entre las mencionadas ramas, realidad que está cimentada en la igualdad jerárquica que cada rama disfruta por mandato de la citada Ley.

Por Cuanto: Contrario a como sucede con los legisladores estatales, el legislador municipal no devenga salario. No obstante, su incumbencia en el servicio legislativo le exige no solamente cumplir con su deber de presencia y participación en el salón de sesiones de la Legislatura, cuando esté reunida o en las comisiones legislativas, casi siempre en horas nocturnas, sino además, el dedicarle tiempo y esfuerzo fuera de esas ocasiones a propósito de llevar a cabo inspecciones oculares y el estudio y análisis de las piezas legislativas y otros asuntos que se traten ante su consideración, que en gran parte tratan sobre temas complejos y complicados.

Por Cuanto: Los factores y fundamentos que se consignan precedentemente dan validez a que se revise el monto de las dietas que perciben el Presidente y los demás miembros de la Legislatura Municipal a fin de que se atempere el mismo a la complejidad de las funciones y responsabilidades que implica el desempeño de sus cargos, así como también en reconocimiento de que la labor legislativa va más allá del trabajo que se realiza en el salón de sesiones o en las comisiones legislativas.

Por Tanto: **ORDÉNASE POR LA LEGISLATURA MUNICIPAL DE HUMACAO, PUERTO RICO:**

Sección 1: Se fija en ciento veinticinco dólares (\$125.00) la dieta que percibirá en concepto de reembolso de gastos el Presidente de la Legislatura Municipal de Humacao, por cada día de reunión en que la Legislatura esté debidamente convocada, y a la cual asista y presida; disponiéndose que cuando el Presidente de la Asamblea está ausente de una reunión y la duración de la misma haya sido presidida por el

Vice-Presidente, éste tendrá derecho a recibir la dieta como si fuera el Presidente en propiedad.

Sección 2: Se fija en cien dólares (\$100.00) la dieta que percibirá en concepto de reembolso de gastos cada Legislador Municipal que no sea el Presidente de la Legislatura, por cada día de reunión en que la Legislatura esté debidamente convocada, y a la cual asista.

Sección 3: Fijar en cien dólares (\$100.00) la dieta que percibirá en concepto de reembolso de gastos cada Legislador por cada día de reunión en Comisión que esté debidamente convocada y a la cual asista; disponiéndose, que cuando el Presidente de la Legislatura forme parte de una Comisión como miembro en propiedad y no como Presidente Ex Officio de la misma, tendrá derecho al pago de dieta según se dispone en esta sección.

Sección 4: Se deroga la Resolución Núm. 42, Serie 1994-95, aprobada el 14 de junio de 1995.

Sección 5: Las disposiciones de esta Ordenanza prevalecerán sobre disposiciones de otras ordenanzas y/o resoluciones que conflijan con las mismas.

Sección 6: Esta Ordenanza entrará en vigor una vez sea firmada por el Alcalde.

Sección 7: Copia de esta Ordenanza será remitida al Comisionado de Asuntos Municipales, a la Oficina de Finanzas Municipales y al Secretario Municipal, para su conocimiento y acción correspondiente.

1. **Resolución Núm. 42, Serie 1994-95:** "Para fijar el montante de la dieta en concepto de reembolso de gastos que recibirán el Presidente de la Asamblea y los asambleístas municipales, por su asistencia a las sesiones de la asamblea municipal y a las reuniones de las comisiones; y para otros fines"

ESTADO LIBRE ASOCIADO DE PUERTO RICO

ASAMBLEA MUNICIPAL

PROYECTO NUM. 55
RESOLUCION NUM. 42

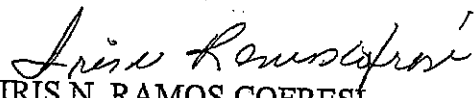

SERIE 1994-1995

PARA FIJAR EL MONTANTE DE LA DIETA EN CONCEPTO DE REMBOLSO DE GASTOS QUE RECIBIRAN EL PRESIDENTE DE LA ASAMBLEA Y LOS ASAMBLEISTAS MUNICIPALES, POR SU ASISTENCIA A LAS SESIONES DE LA ASAMBLEA MUNICIPAL Y A LAS REUNIONES DE LAS COMISIONES; Y PARA OTROS FINES.

- POR CUANTO: Los Asambleístas Municipales de Humacao reciben una dieta en concepto de reembolso de gastos que asciende a \$45.00 por cada reunión de la Asamblea o de sus Comisiones, mientras que el Presidente de la Asamblea recibe una dieta de \$55.00 cuando preside las sesiones del Cuerpo.
- POR CUANTO: Esa dieta se ha mantenido inalterada desde septiembre de 1991, aunque el costo de vida ha continuado en aumento y las funciones y responsabilidades del los Asambleístas Municipales se ha hecho más complejo.
- POR CUANTO: El Municipio de Humacao tiene una población de 55,200 habitantes y una extensión territorial de aproximadamente ciento dieciseis (116) kilómetros cuadrados, consistiendo su organización política del área urbana (Pueblo) y doce barrios así como de un creciente número de urbanizaciones, entre ellas "Palmas del Mar"; cuenta con un presupuesto que ha aumentado de \$11.8 millones en 1990-91 a más de \$16 millones en el presente año fiscal; sus finanzas y su flujo de efectivo se han estabilizado gracias a un préstamo de \$5.8 millones aprobado por la Asamblea Municipal mediante las ordenanzas No. 1, 14 y 15 del año fiscal 1993-1994; y con motivo de la aprobación de la reforma municipal el ámbito y la complejidad de sus servicios se han incrementado de manera significativa.
- POR CUANTO: El descargo de las funciones de la Asamblea Municipal descansa, en orden de complejidad, laboriosidad y responsabilidad, en el Presidente del Cuerpo, el Presidente de cada una de las Comisiones, y los Asambleístas Municipales en general.
- POR CUANTO: Contrario a como sucede con los legisladores estatales, los Asambleístas Municipales no devengan salario, y el único beneficio económico que reciben es el de la dieta en concepto de reembolso de gastos, aún cuando sus funciones las realizan principalmente en horas de la noche sacrificando en cierto modo a sus familiares más cercanos, y cuando tienen que hacerlo por el día lo hacen sacrificando otras responsabilidades propias de sus trabajos.
- POR CUANTO: La ley número 36 del 13 de abril de 1995 autoriza a las Asambleas Municipales a fijar la cuantía de las dietas del Presidente de la Asamblea y de los Asambleístas Municipales, tomando en cuenta el presupuesto municipal, la situación fiscal de ingresos y egresos, la población a la que brindan servicios y la complejidad de los mismos, la extensión territorial, así como la complejidad de las funciones y responsabilidades de los Asambleístas.
- POR CUANTO: Es de justicia que se revise la cuantía de las dietas que reciben los Asambleístas Municipales, y que se atemperen las mismas al trabajo que realizan y a la labor social que conllevan sus cargos.
- POR TANTO: RESUELVASE POR LA ASAMBLEA MUNICIPAL DE HUMACO, PUERTO RICO:

- Sección 1: Fijar en ochenta y cinco dólares (\$85.00) la dieta que percibirá en concepto de reembolso de gastos el Presidente de la Asamblea Municipal de Humacao, Puerto Rico, por cada día de sesión en que la Asamblea esté debidamente convocada, y a la cual asista y presida; disponiéndose que cuando el Presidente de la Asamblea esté ausente de una sesión y toda la sesión sea presidida por el Vice-Presidente, este tendrá derecho al percibir la dieta como si fuera el Presidente en propiedad.
- Sección 2: Fijar en setenta y cinco dólares (\$75.00) la dieta que percibirá en concepto de reembolso de gastos cada uno de los Asambleístas Municipales que no sea el Presidente de la Asamblea, por cada día de sesión en que la Asamblea esté debidamente convocada, y a la cual asista.
- Sección 3: Fijar en setenta y cinco dólares (\$75.00) la dieta que percibirá en concepto de reembolso de gastos cada uno de los Asambleístas Municipales por cada día de reunión de Comisión que esté debidamente convocada y a la cual asista; disponiéndose que cuando el Presidente de la Asamblea forme parte de una Comisión como miembro en propiedad y no como Presidente Ex-Oficio de la misma, tendrá derecho al pago de dieta según se dispone en esta sección.
- Sección 4: Esta Resolución entrará en vigor una vez sea aprobada por la Asamblea Municipal y firmada por el Honorable Julio César López Gerena, Alcalde de Humacao, Puerto Rico, y sus efectos serán efectivo a partir del primero de julio de 1995.
- Sección 5: Copia de esta Resolución le será remitida al Comisionado de Asuntos Municipales, y a los Departamentos de Finanzas y Secretaría del Municipio de Humacao, para su conocimiento y acción correspondiente.

APROBADA ESTA RESOLUCION POR LA ASAMBLEA MUNICIPAL DE HUMACAO, PUERTO RICO, EL DIA 3 DE JUNIO DE 1995.

ASAMBLEA MUNICIPAL

PROYECTO NUM. 55
RESOLUCION NUM. 42

SERIE 1994-1995

PARA FIJAR EL MONTANTE DE LA DIETA EN CONCEPTO DE REMBOLSO DE GASTOS QUE RECIBIRAN EL PRESIDENTE DE LA ASAMBLEA Y LOS ASAMBLEISTAS MUNICIPALES, POR SU ASISTENCIA A LAS SESIONES DE LA ASAMBLEA MUNICIPAL Y A LAS REUNIONES DE LAS COMISIONES; Y PARA OTROS FINES.

POR CUANTO: Los Asambleístas Municipales de Humacao reciben una dieta en concepto de reembolso de gastos que asciende a \$45.00 por cada reunión de la Asamblea o de sus Comisiones, mientras que el Presidente de la Asamblea recibe una dieta de \$55.00 cuando preside las sesiones del Cuerpo.

POR CUANTO: Esa dieta se ha mantenido inalterada desde septiembre de 1991, aunque el costo de vida ha continuado en aumento y las funciones y responsabilidades del los Asambleístas Municipales se ha hecho más complejo.

POR CUANTO: El Municipio de Humacao tiene una población de 55,200 habitantes y una extensión territorial de aproximadamente ciento dieciseis (116) kilómetros cuadrados, consistiendo su organización política del área urbana (Pueblo) y doce barrios así como de un creciente número de urbanizaciones, entre ellas "Palmas del Mar"; cuenta con un presupuesto que ha aumentado de \$11.8 millones en 1990-91 a más de \$16 millones en el presente año fiscal; sus finanzas y su flujo de efectivo se han estabilizado gracias a un préstamo de \$5.8 millones aprobado por la Asamblea Municipal mediante las ordenanzas No. 1, 14 y 15 del año fiscal 1993-1994; y con motivo de la aprobación de la reforma municipal el ámbito y la complejidad de sus servicios se han incrementado de manera significativa.

POR CUANTO: El descargo de las funciones de la Asamblea Municipal descansa, en orden de complejidad, laboriosidad y responsabilidad, en el Presidente del Cuerpo, el Presidente de cada una de las Comisiones, y los Asambleístas Municipales en general.

POR CUANTO: Contrario a como sucede con los legisladores estatales, los Asambleístas Municipales no devengan salario, y el único beneficio económico que reciben es el de la dieta en concepto de reembolso de gastos, aún cuando sus funciones las realizan principalmente en horas de la noche sacrificando en cierto modo a sus familiares más cercanos, y cuando tienen que hacerlo por el día lo hacen sacrificando otras responsabilidades propias de sus trabajos.

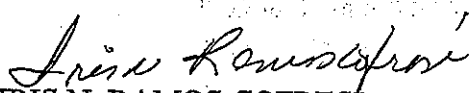

POR CUANTO: La ley número 36 del 13 de abril de 1995 autoriza a las Asambleas Municipales a fijar la cuantía de las dietas del Presidente de la Asamblea y de los Asambleístas Municipales, tomando en cuenta el presupuesto municipal, la situación fiscal de ingresos y egresos, la población a la que brindan servicios y la complejidad de los mismos, la extensión territorial, así como la complejidad de las funciones y responsabilidades de los Asambleístas.

POR CUANTO: Es de justicia que se revise la cuantía de las dietas que reciben los Asambleístas Municipales, y que se atemperen las mismas al trabajo que realizan y a la labor social que conllevan sus cargos.

POR TANTO: RESUELVA SE POR LA ASAMBLEA MUNICIPAL DE HUMACO, PUERTO RICO:

- Sección 1: Fijar en ochenta y cinco dólares (\$85.00) la dieta que percibirá en concepto de reembolso de gastos el Presidente de la Asamblea Municipal de Humacao, Puerto Rico, por cada día de sesión en que la Asamblea esté debidamente convocada, y a la cual asista y presida; disponiéndose que cuando el Presidente de la Asamblea esté ausente de una sesión y toda la sesión sea presidida por el Vice-Presidente, este tendrá derecho al percibir la dieta como si fuera el Presidente en propiedad.
- Sección 2: Fijar en setenta y cinco dólares (\$75.00) la dieta que percibirá en concepto de reembolso de gastos cada uno de los Asambleístas Municipales que no sea el Presidente de la Asamblea, por cada día de sesión en que la Asamblea esté debidamente convocada, y a la cual asista.
- Sección 3: Fijar en setenta y cinco dólares (\$75.00) la dieta que percibirá en concepto de reembolso de gastos cada uno de los Asambleístas Municipales por cada día de reunión de Comisión que esté debidamente convocada y a la cual asista; disponiéndose que cuando el Presidente de la Asamblea forme parte de una Comisión como miembro en propiedad y no como Presidente Ex-Oficio de la misma, tendrá derecho al pago de dieta según se dispone en esta sección.
- Sección 4: Esta Resolución entrará en vigor una vez sea aprobada por la Asamblea Municipal y firmada por el Honorable Julio César López Gerena, Alcalde de Humacao, Puerto Rico, y sus efectos serán efectivo a partir del primero de julio de 1995.
- Sección 5: Copia de esta Resolución le será remitida al Comisionado de Asuntos Municipales, y a los Departamentos de Finanzas y Secretaría del Municipio de Humacao, para su conocimiento y acción correspondiente.

APROBADA ESTA RESOLUCION POR LA ASAMBLEA MUNICIPAL DE HUMACAO, PUERTO RICO, EL DIA 3 DE JUNIO DE 1995.

INDEPENDENT AUDITOR'S REPORT

Mayor and Municipal Legislature
Municipality of Humacao
Humacao, Puerto Rico

We have audited the accompanying financial statements of the governmental activities, major funds, and remaining fund information, which collectively comprise the basic financial statements, of the **Municipality of Humacao** ("Municipality") as of and for the fiscal year ended June 30, 2005, as listed in the table of contents. These financial statements are the responsibility of the Municipality's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major funds and the aggregate remaining fund information of **Municipality of Humacao**, as of June 30, 2005, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated December 21, 2005, on our consideration of the **Municipality of Humacao** internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages 3 through 15 and 22 through 23, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

INDEPENDENT AUDITOR'S REPORT
(Continuation)

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the **Municipality of Humacao**, basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is also not a required part of the basic financial statements of **Municipality of Humacao**. The schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

The following discussion and analysis of the Municipality of Humacao's financial performance provides an overview of the Municipality's financial activities for the fiscal year ended June 30, 2005. Please read it in conjunction with the financial statements which follow this section.

FINANCIAL HIGHLIGHTS

Highlights for Government-wide Financial Statements

The government-wide financial statements report information about the Municipality as a whole using the economic resources measurement focus and accrual basis of accounting:

- The assets of the Municipality, on a government-wide basis, exceeded its liabilities at the close of fiscal year 2005 by \$74,828,918 (net assets).
- Revenues decreased by \$1,120,800 (2.1%) and expenses increased \$1,656,118 (3.2%) in comparison with year 2004, as restated.
- Net change in net assets amounted to (\$510,184), a decrease of 122.5% with respect to prior year (2004) net change.

Highlights for Fund Financial Statements

The fund financial statements provide detailed information about the Municipality's most significant funds using the current financial resources measurement focus and modified accrual basis of accounting:

- ~~At the close of the current fiscal year, the Municipality's governmental funds reported combined ending fund balances of \$30,026,831, a decrease of \$2,574,324 in comparison with the prior year.~~
- The General Fund reported an excess of revenues over expenditures and other financing uses of \$998,709 and an unreserved fund balance of \$7,939,952. Unreserved fund balances increased \$1,386,178 from prior year.

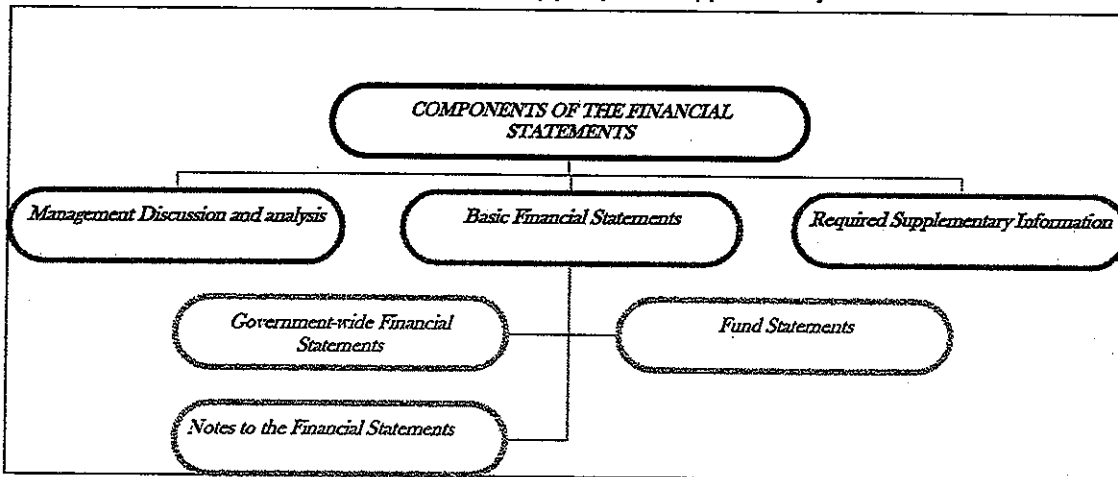

General Financial Highlights

- The investment in net capital assets as of June 30, 2005 was \$54,548,855 (net of related debt).
- Long term debt general and special bonds and notes obligations decreased to \$24,168,132, approximately 8% with respect to prior year balance.
- Other long term debts increases and net reductions from payments amounted to \$4,465,487 and \$1,939,873, respectively.
- On a budgetary basis, actual revenues exceeded actual expenditures by \$920,642, net of \$1,212,905 designated general fund for future expenditures (transfers out to special fund).
- Revenues increase was mainly due to \$1,316,715 of a revision of original estimate of property taxes, \$1,191,349 of intergovernmental and \$775,003 of construction taxes, and a reduction of \$3,282,443 of estimated other revenues that the Municipality does not included as an amendment to the budget.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

OVERVIEW OF THE FINANCIAL STATEMENTS

The Municipality's basic financial statements comprise three components: (1) management discussion and analysis (presented here), (2) basic financial statements, and (3) required supplementary information.

The Municipality's basic financial statements consist of two kinds of statements, each with a different view of the Municipality's finances. The government-wide financial statements provide both long-term and short-term information about the Municipality's overall financial status. The fund financial statements focus on major aspects of the Municipality's operations, reporting those operations in more detail than the government-wide statements:

Basic Financial Statements

- **Government-Wide Financial Statements**

The government-wide statements report information about the Municipality as a whole using accounting methods similar to those used by private-sector businesses. They are prepared using the flow of economic resources measurement focus and the accrual basis of accounting. The first government-wide statement – the *Statement of Net Assets* – presents information on all of the Municipality's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in the Municipality's net assets are an indicator of whether its financial health is improving or deteriorating. Other non-financial factors such as the condition of the Municipality's roads and other infrastructure may need to be considered to assess the overall health of the Municipality. The second statement – the *Statement of Activities* – presents information showing how the net assets changed during the year. All of the current year's revenues and expenses are taken into account in the statement of activities regardless of when cash is received or paid.

The government-wide statements reports as governmental activities the Municipality's basic services such as public safety, public works, health and sanitation, culture and recreation, solid waste disposal, human services and welfare, and community development; education and general administration. These activities are primarily financed through property taxes, other local taxes and intergovernmental revenues. Included in the governmental activities are the governmental funds.

MUNICIPALITY OF HUMACAO, PUERTO RICO
MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

- ***Fund Financial Statements***

The fund financial statements provide more detailed information about the Municipality's most significant funds. Funds are accounting devices that the Municipality uses to keep track of specific sources of funding and spending for particular purposes. Some funds are required by Federal and Commonwealth regulations, as well by bond covenants.

The Municipality's basic services are included in governmental funds, which are used to account for essentially the same functions reported as governmental activities in the government-wide statements. However, unlike the government-wide statements, the governmental funds are prepared using the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under this approach the financial statements focus on near-term inflows and outflows of external resources, as well on balances of expendable resources available at year end. Consequently, the governmental fund statements provide a detailed short-term view that helps the reader determine whether there are more or less financial resources that can be spent in the near future to finance the Municipality's programs. Because this information does not encompass the additional long-term focus of the government-wide statements, additional information is provided on a subsequent page that explains the relationship (or differences) between the government-wide and fund statements.

The governmental fund statements focus on major funds. The Municipality's major funds are the general fund (which accounts for the main operating activities of the Municipality) and funds that complies with a minimum criterion (percentage of the assets, liabilities, revenues or expenditures). Funds that do not comply with this criterion are grouped and presented in a single column as other governmental funds.

- ***Notes to the financial statements***

Provides integral information needed to explain the basis for the numbers used within the Basic Financial Statements and provide more detailed data.

Required supplementary information

Provides additional information to better understand the financial position of the Municipality and contains the Budgetary Comparison Schedule for the General Fund.

Total Net Assets	<u>\$ 74,828,918</u>	<u>\$ 75,339,102</u>

Net assets (assets over liabilities) may serve over time as a useful indicator of a government's financial position. Net assets for the year decreased 0.7% with respect to prior year as restated.

The largest portion of the Municipality's net assets reflects its investment in capital assets (e.g., land, buildings, equipment, and infrastructure) for \$54,548,855; total capital assets (\$89,326,371) less accumulated depreciation (\$21,477,144) and less any related outstanding debt (\$13,300,373) used to acquire those assets. The Municipality uses these assets to provide services to its citizens and consequently, these assets are not

available for future spending. The resources needed to repay the debt related to these capital assets must be provided from other sources, because capital assets are not generally liquidated for the purpose of retiring debt.

Restricted net assets represent resources that are subject to external restrictions on how they may be used.

Unrestricted net assets are the part of the net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements.

As of June 30, 2005 the Municipality presented unrestricted (deficit) net assets of (\$721,368). This balance was affected by long term obligations such as compensated absences \$3,647,715 and other debts for the amount of \$3,837,877 for which the Municipality did not provide funding in previous budgets. Historically, such obligations have been budgeted on a pay as you go basis without providing funding for their future liquidation.

FOR THE FISCAL YEAR ENDED JUNE 30, 2005

Approximately 28% of the Municipality's revenues came from grants and contributions, 31.2% from property taxes, 18% from volume of business taxes and 22.8% from other sources. The Municipality's expenses cover a range of services. The largest expenses are general administration with 36%, education with 14%, human services and welfare with 13%, public works with 10%, and urban development with 8%, approximately. Program revenues of the Municipality covered 33% of total expenses.

With respect to prior year, revenues decreased by approximately \$1,120,800 or 2.1%, principally in property taxes and program revenues. Significant increase was in volume of business taxes and construction taxes with approximately \$1,141,267 for the promotion on new commercial industries.

Expenses increased 3.2% or \$1,656,118 in comparison with 2004 year. Significant increases were registered on salaries and benefits to employees, and donations and services incurred for the benefit of the community.

The following table focuses on the cost of each of the Municipality's largest functions/programs as well as each functions/program's net cost (total cost less fees generated by the programs and program-specific intergovernmental aid):

MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

FINANCIAL ANALYSIS OF THE MUNICIPALITY'S FUNDS

Governmental funds

The focus of the Municipality's governmental funds is to provide information on near-term inflows, outflows and balances of resources available for spending. Such information is useful in assessing the Municipality's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a Municipality's net resources available at the end of a fiscal year. For the fiscal year ended June 30, 2005, the governmental funds reported combined ending fund balances of \$30,026,831, a net decrease of \$2,574,324 in comparison with the prior year. This decrease was caused primarily by a net change in some non-major funds corresponding to the uses of prior years fund balance of \$4,577,670. Of total combined fund balances, \$7,939,952 (26.4%) constitutes unreserved fund balance of general fund. The remainder of fund balance is reserved to indicate that is not available for new spending.

The general fund is the operating fund of the Municipality. Unreserved fund balance of the general fund represents approximately 94.7% of total ending general fund balance. For the year ended June 30, 2005, the fund balance of the general fund increased by \$998,709 when compared with the prior year. The principal component of the net increases is a reduction of transfers to other non-major specific capital project funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The general fund original budget for the fiscal period 2004-2005 presented an increase of 7.8% with respect to prior year budget. During the fiscal year budget revenues were increased by \$890,687 mainly due to \$1,316,715 of a revision of original estimate of property taxes, \$1,191,349 of intergovernmental and \$775,003 of construction taxes, and a reduction of \$2,010,330 of estimated other revenues that the Municipality does not included as an amendment to the budget. Budget expenditures were amended during the year in accordance with functions estimates. Nevertheless, non budgeted transfers to non-major funds were used to pass economies in appropriations to specific capital projects.

A positive variance of \$2,884,610 between revised budget and actual expenditures was due mainly to additional revenues as explain in the preceding paragraph and economies in some functions. The Municipality reported less expenditure than appropriations in those functions on payments for purchase of supplies, equipment, and professional and nonprofessional services.

The increase in the others debts is due to recognition of final liquidation of property taxes, Law 146 and LIMS Debts, and increase in compensated absences. More detailed information about the Municipality's long term liabilities is presented in Note 7 and 8 to the financial statements.

FIGURE 4

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Municipality's selected and appointed officials considered many factors when setting the fiscal year 2005-2006 budget. One of these factors is the economy. Among economic areas considered are the population growth estimates, personal income, housing statistics and unemployment rates. The Municipality's unemployment rate now stands at 14.1%, which compares with the Commonwealth rate of 10.6%.

The Municipality applied a conservative approach in development budget estimates. Amounts available for appropriations in the General Fund for the fiscal year 2006 are \$32 million, approximately \$1 million more than the fiscal year 2005. Revenues increases are demonstrative of the economic development from new commerce and stability of the manufacturing industry. Budgeted expenditures are expected to stabilize accordingly to the projected revenues. Among planned projects, this budget may be adjusted in accordance with economic injection projected when the construction project promoted by the Municipality and others private projects were develop during the year.

MUNICIPALITY OF HUMACAO, PUERTO RICO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Municipality of Humacao, Puerto Rico (Municipality) was founded in the year 1793, and operates as a governmental unit of the Commonwealth of Puerto Rico, under the Law Number 81 of August 30, 1991, known as "Autonomy Municipalities Law of the Commonwealth of Puerto Rico". The governmental system of the Municipality is composed of the executive and legislative bodies. The Mayor is the Chief Executive Officer and is elected every four years in the general elections of the Commonwealth of Puerto Rico. The legislative body consists of 16 Legislators also elected in the general elections of Puerto Rico for a four-year period.

The Municipality provides services such as: health, public works, sanitation, aids and services to low-income and elderly citizens, public safety, housing and urban development, culture and recreation, planning, zoning and other general and administrative services.

The accounting policies of the Municipality conform to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations) constitutes GAAP for governmental units. The following is a summary of the more significant of such policies.

A. Financial Reporting Entity

The accompanying basic financial statements include all departments and organizations units whose funds are under the custody and control of the Municipality. In evaluating the Municipality as a reporting entity, management has addressed all the potential component units. The decision to include a potential component unit in the reporting entity was made by applying the provisions of GASBS No. 14, as amended by GASBS No. 39, *Determining Whether Certain Organizations Are Component Units--an amendment of GASB Statement No. 14*.

The basic criteria for including a potential component unit within the reporting entity is if potential component units are financially accountable and other organizations for which the nature and significance of their relationship with the entity are such that exclusion would cause the Municipality's financial statements to be misleading or incomplete. The GASB has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) ability of the Municipality to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the Municipality.

GASBS No.39 provided additional guidance to determine whether certain organization for which the primary government is not financially accountable should be reported as components units. A legally separate, tax-exempt organization should be discretely presented as a component unit if all of the following criteria are met: (a) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (b) the primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization, and; (c) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

Commonwealth of Puerto Rico
MUNICIPALITY OF HUMACAO, PUERTO RICO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continuation)

There are two methods of presentation of the component unit in the financial statements: blending – the financial data of the component unit's balances and transactions in a manner similar to the presentation of the Municipality's balance; and discrete – presentation of the component unit's financial data in column separate from the Municipality's balances and transactions.

The relative importance of each criterion must be evaluated in light of specific circumstances in order to determine which components units are to be included as part of the reporting entity. Our specific evaluations of the criteria applicable to the Municipality indicate no organizations meet the criteria to be included as component units. Accordingly, these basic financial statements present only the Municipality as the reporting entity.

These financial statements present the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Municipality, as of June 30, 2005, and the respective changes in financial position, where applicable, thereof for the fiscal year then ended.

B. Financial Statement Presentation

The basic financial statements include both government-wide (based on the Municipality as a whole) and fund financial statements. While the previous financial reporting model emphasized fund types (the total of all funds of a particular type), in the new financial model the focus is on either the Municipality as a whole, or major individual funds (within the basic financial statements). Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business type.

Government-wide Financial Statements

The government-wide financial statements (the *Statement of Net Assets* and the *Statement of Activities*) report information of all the activities of the Municipality. For most part, the effect of interfund activity has been removed from these government-wide financial statements. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges for support, are not reported since the Municipality don't have such activities.

The focus of the *Statement of Net Assets* is designed to be similar to bottom line results for the Municipality and its governmental activities. This statement, for the first time, combines and consolidates governmental fund's current financial resources (short-term spendable resources) with capital assets and long-term obligations.

The *Statement of Net Assets* presents the reporting entities' assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories:

- Invested in Capital Assets, Net of Related Debt – These consists of capital assets, net of accumulated depreciation and amortization and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.

Commonwealth of Puerto Rico
MUNICIPALITY OF HUMACAO, PUERTO RICO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continuation)

- Restricted Net Assets – These result when constraints placed on net assets use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Assets – These consist of net assets which do not meet the definition of the two preceding categories. Unrestricted net assets often are designated, to indicate that management does not consider them to be available for general operations. Unrestricted net assets often have constraints on resources that are imposed by management, but can be removed or modified.

When both restricted and unrestricted resources are available for use, generally it is the Municipality's policy to use restricted resources first, then the unrestricted resources as they are needed.

The *Statement of Activities* demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Governmental Fund Financial Statements

The fund financial statements (the *Balance Sheet*, the *Statement of Revenues, Expenditures, and Changes in Fund Balance Net Assets*) are, in substance, very similar to the financial statements presented in the previous financial reporting model. Emphasis here is on the major funds in the governmental category. Non-major funds are summarized into a single column.

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than the previous financial model's fund types. This is the manner in which these funds are normally budgeted. This presentation deemed most appropriate to (a) demonstrate legal and covenant compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how the Municipality's actual experience conforms to the budgeted fiscal plan.

Since the governmental fund statements are presented in different measurement focus and basis of accounting than the government-wide statements, reconciliation is presented and separate explanation for each differences.

Commonwealth of Puerto Rico
MUNICIPALITY OF HUMACAO, PUERTO RICO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continuation)

The Municipality reports its financial position (Balance Sheet) and results of operations (Statement of Revenues, Expenditures and Changes in Fund Balance) in funds, which are considered separate accounting entities. The operations of each fund are accounted for within a set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with legal, financial, and contractual provisions.

C. Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The government-wide financial statements (the Statement of Net Assets and the Statement of Activities) are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grant and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental Fund Financial Statements

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recorded when susceptible to accrual; as soon enough thereafter to pay liabilities of the current period. For this purposes, the government considers revenues to be available if they are collected within sixty (60) days of the end of the current period.

In applying the "susceptible to accrual" concept to intergovernmental revenues (federal grants) pursuant to GASBS No. 33, *Accounting and Financial Reporting for Nonexchange Transactions* (the Municipality may act as either provider or recipient), the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as advances by the provider and deferred revenue by the recipient.

There are essentially two types of revenue. For the majority of grants, moneys must be expended by the Municipality on the specific purpose or project before any amounts will be reimbursed. Revenue is, therefore, recognized as expenditures are incurred to the extent available. For the other revenue, moneys are virtually unrestricted and are generally revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenue at the time of receipt or earlier if the susceptible to accrual criteria is met.

Commonwealth of Puerto Rico
MUNICIPALITY OF HUMACAO, PUERTO RICO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continuation)

Expenditures are generally recognized when the related liability is incurred, as under accrual accounting. The exceptions to this general rule are the compensated absences and claims and judgments, if any, that are recorded only when payment is due. Property taxes, volume of business taxes, licenses and permits, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Municipality.

The Municipality reports the following major fund:

General Fund – This is the general operating fund of the Municipality. It is used to account for all financial resources, except those required to be accounted for in another fund.

Head Start Fund – This is the fund used to account for all transactions of the Head Start Program. The objectives to this program are to provide comprehensive health, educational, nutritional, social and other developmental services primarily to economically-disadvantaged pre-school children and infants and toddlers so that the children will attain school readiness.

Debt Service Fund – This is used to account for the accumulation of resources for, and the payment of, long-term debt principal and interests.

The non-major funds are combined in a single column in the fund financial statements.

D. Budgetary Data

The Municipality's annually adopts the Budget Resolution for all operating funds of the Municipality except for certain restricted accounts Special Revenue Funds. Budgetary control is legally maintained at the fund level. The budget is prepared using the modified accrual basis of accounting with encumbrance included as budgetary basis expenditures. The Municipality's Budget Resolution provides transfer authority (1) to the Mayor and the Management and Budget Director, within and between departments and funds, as long as the total budget of the Municipality (net of interfund transfers) is not increased; (2) to the Management and Budget Director to implement grant budgets as the grant applications are accepted by the Municipality; and (3) to the Management and Budget Director to amend (re-appropriate) each new year's budget, to the extent of outstanding encumbrances, and/or unexpended project/grant appropriations at year end. Municipality's Legislature action is required for (1) use of the budgeted Legislature contingency, and (2) the approval of a supplemental appropriation(s). During the year, several supplemental appropriations were necessary.

The budget columns (original and final budgets) of the Budgetary Comparison – General Fund reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year). Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year. Amendments to the budget, including transfers, require the approval of the Municipal Legislature. All encumbrance appropriations in the operating budget lapse at the end of the fiscal year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continuation)

Since the budgetary basis differs from accounting principles generally accepted in the United States of America (GAAP), actual amounts for the General Fund in the accompanying Budgetary Comparison Schedule, is presented on the budgetary basis to enhance comparability.

The principal differences between the budgetary and GAAP bases are the following:

1. Encumbrances are recorded as expenditures under the budgetary basis and as a reserve of fund balances under GAAP.
2. The non-exonerated portion of the property tax advances are presented as revenue in the budgetary basis and as other financing sources under GAAP (See Note 9).
3. Interfund transactions of the General and Special Revenue Funds are not included in the budgetary basis.
4. Certain accrued liabilities and other debts are not included in the budgetary basis.
5. Certain revenues susceptible to accrual, i.e., both measurable and available, are not included in the budgetary data.

The special funds of the Special Revenue Fund have not been included in the budgetary comparison because balances are not budgeted. Also the budget prepared for the Federal Financial Awards Programs included in the Capital Projects and Special Revenue Funds is based on a program period which is not necessarily the same fiscal year. Accordingly, it's not practical to present an annual comparison of budget for such programs.

E. Cash

The Director of Finance of the Municipality is responsible for investing the available resources in certificates of deposit and other short-term investments. Interest earned on certificates of deposit and other short-term investments are recognized as revenue in the General Fund. Cash in the Special Revenue, Debt Service and Capital Project Funds are restricted; accordingly, resources available were not used for pool investments.

Restricted cash represents the unspent proceeds of certain bonds, loans and grants which are set up for purposes restrictions by external parties from the municipality.

Cash balance recognized in the Debt Service Fund is restricted from the property tax collections retained by the Municipal Revenues Collection Center, for the payment of the Municipality's obligations, and others are restricted for specific projects, such as the acquisition or construction of permanent improvements. This sinking fund is maintained by the Governmental Development Bank of Puerto Rico, agency which acts as the insurer and payer of the Municipality's bonds and notes issued in accordance with law.

F. Receivables

Receivable are stated nets of estimated allowances for uncollectible accounts, which are determined upon past collection experience and current economic conditions. Receivable from Federal Government represents amounts owed to the Municipality for reimbursement of expenditures incurred pursuant to federally funded programs.

G. Inventories

The General, Special Revenue and Capital Project Funds, purchases office and printing supplies, gasoline, oil and other expendable supplies held for consumption. The cost of purchases is recorded as expenditure in the appropriate fund and the inventory is not recorded in the basic financial statements.

H. Capital Assets

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date received. The Municipality's capitalization levels are \$500 on personal property. For improvements other than buildings, the capital outlay must be greater than \$10,000, extend the estimated useful life for ten years, and be greater than 10% of the original cost of the asset. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

CAPITAL ASSETS	YEARS
Buildings	50
Improvement Other Than Buildings	50
Equipments	10
Furniture	10
Vehicles	5
Machinery	5-10
Infrastructure	10-50

I. Compensated Absences

The Municipality accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. The Municipality's employees are granted 30 days of vacations and 18 days of sick leave annually. Vacations may be accumulated up to a maximum of sixty (60) days and sick leave up to a maximum of ninety (90) days. In the event of employee resignation, the employee is paid for accumulated vacation days up to the maximum allowed. Separation from employment prior to use of all or part of the sick leave terminates all rights for compensation, except for employees with ten years of service who are entitled to sick leave pay up to the maximum allowed. The Municipality accrued a liability for compensated absences, which meet the following criteria:

1. The Municipality's obligation relating to employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

In accordance with the above criteria and requirements as established by GASBS No. 16; the Municipality has accrued a liability for compensated absences, which has been earned but not taken by Municipality's employees. For the government-wide statements, the current portion is the amount estimated to be used in the following year. For the governmental funds statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and government-wide presentations (see Note 7 on page 39).

J. Insurance

The Municipality has insurance coverage for its public facilities, primarily to provide protection from catastrophic losses. Also, principal officials of the Municipality are covered under various surety bonds. The Secretary of the Treasury Department of the Commonwealth of Puerto Rico is the agent commissioned to place all of the Municipality's insurance coverage. Corresponding premiums payable are withheld by the Municipal Revenue Collection Center from quarterly advances of annual property tax and subsidy sent to the Municipality.

K. Interfund Transactions

Interfund transactions are reflected as loans, reimbursements or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide columnar presentation. The Municipality has the following types of transactions among funds:

Interfund Transfers – Legally required transfers that are reported when incurred as transfers-in by the recipient fund and as transfers-out by the disbursing fund, with receivables and payables presented as amounts due to and due from other funds. Advances between funds are also presented as amounts due to and due from other funds. However, these transfers and related amounts receivables and payables are considered internal balances and activities that have been eliminated in the government-wide financial statements.

L. Reservations of Fund Balance – Governmental Funds

The governmental fund financial statements present fund balance reserves for those portions of fund balance (1) not available for appropriation for expenditures or (2) legally segregated for a specific future use.

M. Claims and Judgments

The estimated amount of the liability for claims and judgments, if any, which is due on demand, such as from adjudicated or settled claims, is recorded in the General Fund. The Long-Term Debt Account includes an amount estimated as a contingent liability or liabilities with a fixed or expected due date, which will require future available financial resources for its payment.

N. Use of Estimates

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the basic financial statements and the reported revenue and expenses during the reporting period. Actual result could differ from those estimates.

NOTE 8 DEBT RETIREMENT

Revenues of the debt service fund consists of the ad-valorem property taxes which are recognized as revenue when collected from taxpayers and reported by the Municipal Revenue Collection Center of the Commonwealth of Puerto Rico to the Municipality (See Note 9).

These property taxes are accumulated by the Municipal Revenue Collection Center in costs of the general obligations bonds issued by the Municipality (See Note 7). Payments are made to the Government Development Bank of the Commonwealth of Puerto Rico from such accumulated funds by the Municipal Revenue Collection Center of Puerto Rico.

NOTE 9 PROPERTY TAXES

The Municipal Revenue Collection Center of the Commonwealth of Puerto Rico is responsible for the assessment of all real and personal property located within the Municipality and for the levy, administration and collection of the corresponding tax contribution.

The property tax contribution is levied each year over the appraised value of the property at the beginning of the calendar year. The real property assessment is based on the current value existing in the year 1957 and the personal property at the current value at the date of the assessment.

The tax rate per annum is 7.53% for real property and 5.33% for personal property of which 1.03% of both belong to the Commonwealth of Puerto Rico and 6.50% and 4.50%, respectively, belongs to the Municipality. From the portion belonging to the Municipality, 5.25% and 3.25%, respectively, represents the Municipality's basic tax rate that is appropriated for general purposes and therefore accounted for through the general fund.

Commonwealth of Puerto Rico
MUNICIPALITY OF HUMACAO, PUERTO RICO
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2005

NOTE 9 PROPERTY TAXES (continuation)

The remaining portion belonging to the Municipality of 1.25% represents the ad-valorem property taxes withheld by the Municipal Revenue Collection Center of the Commonwealth of Puerto Rico and restricted for debt service, which is accounted for through the debt service fund (See Note 8). The Municipality has reached the maximum statutory tax rate limit for the basic tax while there is no limitation for the ad-valorem tax rate.

The Commonwealth of Puerto Rico grants complete real property tax exoneration on the first \$15,000 has assessed valuation on residential units occupied by their owners. However, the Municipality receives the full amount levied, except for residential units assessed at less than \$3,500 on which a complete exemption is granted. The Municipal Revenue Collection Center, instead of the property taxpayer, becomes the source of payment in these cases.

The Municipality grants a complete exemption from personal property taxes up to an assessment value of \$50,000, to retailers with an annual net sales volume of less than \$150,000. The Municipal Revenue Collection Center advances to the Municipality, on monthly payments, 100% of the contribution assessed over property for each fiscal year. In accordance to Law, these advances will be contributions by the Municipal Revenue Collection Center from taxpayers. The Municipal Revenue Collection Center periodically informs to the Municipality the amounts collected from taxpayers and applied to outstanding advances.

The Municipality records as revenue in the general fund the property tax contribution when received from monthly advances from Municipal Revenue Collection Center. At June 30, 2005, the Municipality got an excess of advances over actual collections of \$732,652, which was recorded as a debt in the statement of net assets and not in the general fund because it will be paid with future financial resources as per current accounting standards.

NOTE 10 VOLUME OF BUSINESS TAX

The volume of business tax is levied each year based on the prior year's gross revenues for all commercial and industrial organizations doing business in the Municipality and which are not totally or partially exempt from this tax under the Industrial Incentives Laws of the Commonwealth of Puerto Rico. All taxpayers are required to file their declarations by April 23 of each year. The tax rates are as follows:

- a. 1.50% for financial institutions and savings and loan associations.
- b. 0.50% for all other organizations.

Taxes are payable in two equal semi-annual installments on July 1 and January 1 following the date of levy. If they are paid with declaration, the taxpayer is granted a 5% of discount. Collections of taxes during current fiscal year, applicable to the next fiscal year, are recorded as deferred revenues in the General Fund.

NOTE 11 INTERGOVERNMENTAL REVENUES

Intergovernmental revenues consist primarily of funds received from the Commonwealth of Puerto Rico, "in lieu of tax" payments from the Quasi-public Corporation, Puerto Rico Electric Power Authority, and federal financial assistance received from federal government.

Grants and subsidies received from the Commonwealth of Puerto Rico and federal agencies include, among others, a general subsidy for urban development and capital improvements. Intergovernmental revenues are accounted for through the General Fund except for those directly related to urban development and capital improvements, which are accounted for through the Special Revenue and the Capital Project Funds. Federal Financial Assistance is recorded in the Special Revenue Fund.

NOTE 12 EMPLOYEE'S RETIREMENT PLAN

The Employee's Retirement System of the Government of Puerto Rico and its Instrumentalities (ERS) is the administrator of a cost-sharing multiple-employer retirement system established by the Commonwealth of Puerto Rico. The ERS was created under the Act 447, approved on May 15, 1951, as amended, and became effective on January 1, 1952. ERS covers all regular employees of the Commonwealth of Puerto Rico and its instrumentalities and of certain municipalities and components units not covered by their own retirement systems.

Participation is mandatory except for members of the Legislature, Government Secretaries, Head of Agencies and Public Instrumentalities, Assistants to the Governor, the Comptroller of the Puerto Rico, Gubernatorial Board and Committee appointees and Experimental Service Station employees. ERS provides retirement, death and disability benefits. Disability retirement benefits are available to members for occupational and non-occupational disabilities. Retirement benefits depend upon age at retirement and number of years of credited service. Benefits vest after ten years of plan participation.

The Municipality adopted the requirements of GASBS No. 25 for all the career employees that are covered under the Commonwealth of Puerto Rico Employee's Retirement System, a multiple-employer public employee retirement system, established by State Laws.

Under the plan, the employees and employer portions are contributed, for which, the employee amount is withheld from salaries. Covered employees are required by Commonwealth statute to contribute 5.775% for the first \$6,600 of monthly salary plus 8.275% for the excess of this amount, or on the alternative, 8.275% of all salary. The Municipality contributes to the system 9.275% of the participating employee's salaries.

Law Number 305 of September 24, 1999, amends the Act Number 447 that establish a savings program. All employees active in the system as of December 31, 1999 may elect to transfer from defined contribution programs to the new savings program (a defined contribution plan). Employees in the savings program may now contribute from a minimum of 8.275% up to a maximum of 10% of their monthly salary, and will be invested in an account which will either: (a) earn a fixed rate based on the two-year Constant Maturity Treasury Note or, (b) earn a rate equal to 75% of the return of the System's investment portfolio (net of management fees), or (c) earn a combination of both alternatives.

If at time of retirement accumulated benefits amount to \$10,000 or less may elect to receive a lump sum distribution up to the accumulated benefits. Under the new program the retirement age is reduced from 65 to 60 for those employees who joined the current plan on or after April 1, 1990.

NOTE 12 EMPLOYEE'S RETIREMENT PLAN (continuation)

The pension benefit for participants who retire with less than 30 years of service is computed at the rate of 1½% of their average compensation of each year of credit service for the remaining years. The System also provides for death and disability benefits and the assets of the System pertaining to the participant employees. A variety of significant actuarial assumptions are used to determine the standard measure of the pension benefit obligation and these assumptions are summarized below:

- a. The present value of the future pension payments was computed by using a discount of 9%.
- b. Future pension payments reflect an assumption of a 6% salary increase.

All employees that do not elect to transfer for the new program and who at the time of employment are 55 years old or less are eligible to participate in the System. Pension benefits for participants with 30 years of service are as follows:

YEARS OF SERVICE	PARTICIPANT'S AGE	PENSION BENEFITS
30 or more	55 or less	65% of the average of the three years of highest salary during the employee's service period.
30 or more	58 or more	75% of the average of the three years of highest salary during the employee's service period.
30 or more	65 or more	75% of the average of the three years of highest salary during the employee's service period (employees started working after April 1, 1990).

The amount of the total pension benefit obligation is based on a standardized measurement established by GASBS No. 27, *Financial Reporting for Defined Benefit Pension Plans and Notes Disclosure for Defined Contributions Plans*. The standardized measurement is the actuarial present value of estimated defined pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee services performed to date. The measure is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among other public retirement systems. The measure is independent of the actuarial funding method used to determine contributions to the plan.

The membership of retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits, but not yet receiving benefits, and active employees and the distribution of active employees between vested and non-vested is not readily available.

NOTE 12 EMPLOYEE'S RETIREMENT PLAN (continuation)

Contributions in 2005 and prior years were made based on percentages established by the law. Such percentage has not been based on actuarial studies, as required by accounting principles generally accepted in the United States of America. An actuarial compilation of the annual contribution applicable to the Municipality has not been prepared. Accordingly, the accounts by which the actual contributions differ from the required actuarial contributions are not known.

The total pension expenditures recorded in the category of administration for the Fiscal Year Ended June 30, 2005 was as follow:

	LAW NO. 447	SYSTEM 2000
Required	<u>\$612,200</u>	<u>\$321,082</u>
Actual	<u>\$612,200</u>	<u>\$321,082</u>

All employees who at the time of employment are 55 years old or less are eligible to participate in the System. No benefit is payable if the participant receives a refund of his accumulated contributions.

The historical trend information regarding the accumulation of assets and pension benefit obligation in the ERS is not available. For the ten-year trend information, refer to the separately issued financial statements of the ERS as of and for the fiscal year ended June 30, 2005. The P.R. Retirement Plan Administration provides additional information of the ERS. They issue a publicly available financial report that includes financial statements and required supplementary information for ERS, as a component unit of the Commonwealth of Puerto Rico. That report may be obtained by writing to the Administration at PO Box 42003, Minillas Station, San Juan, PR 00940.

NOTE 13 CONTINGENCIES

A. CLAIMS AND JUDGMENTS

The Municipality is, at present, a defendant in a number of legal matters that arise from alleged improper application of policies and negligence in the ordinary course of the Municipality's activities. The legal counsel of the Municipality has advised that at this stage in the proceedings of lawsuits he cannot offer an opinion as to the probable outcome.

In addition, the Municipality is a defendant or co-defendant in several legal proceedings, which are in discovery stage. Certain of these claims are covered by insurance. Legal counsel with the information currently available can not determine the final outcome of these claims. Accordingly, the financial statements do not include adjustment, if any, that could result from the resolution of this legal proceeding. However, it has been the Municipality's experience that such actions are settled for amounts substantially less than the claimed amounts.

B. FEDERAL GRANTS

In the normal course of operations, the Municipality receives grants from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

NOTE 14 RESTATEMENTS

During fiscal year 2002-2003, the Municipality implemented several new accounting standards and an interpretation issued by GASB. As part of the implementation of the new standards, during the current fiscal year 2004-2005, the Municipality continued the documentation of capital assets not previously reported and others adjustments.

The following schedule reconciles the June 30, 2004 Net Assets, as previously reported to Beginning Net Assets, as Restated, July 1, 2004.

NOTE 15 SUBSEQUENT EVENTS

On July 6 and 7, 2005, the Municipality Legislature, by means of Ordinance Number 1, Series 2005-2006, approved the purchase of land by issuance of \$370,000 in general obligation bonds. Also, On August 3 and 4, 2005, the Municipality Legislature, by means of Ordinance Number 2, Series 2005-2006, approved the constructions of recreational facilities by issuance of \$1,720,000 in general obligation bonds.

On December 16, 2005, the Municipality's federal Head Start program made a payment of \$175,939 to liquidate a debt to USDA food program for loan to cover Head Start's payroll expenditures for July 2004. This loan constituted an unallowable activity as per federal regulations. Municipality's management has guarantee that this is a bona-fide transaction and the funds paid back to Food program will not be returned back to Head Start.

NOTE 16 FUTURE ADOPTION OF ACCOUNTING PRONOUNCEMENT

The Governmental Accounting Standards Board (GASB) issued GASBS No. 42, *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries*, which is effective for fiscal year beginning after December 15, 2004; and GASBS No. 46, *Net Assets Restricted by Enabling Legislation*, which is effective for period beginning after June 15, 2005. Early application is encouraged. The Municipality has not adopted the requirement of these statements. The following are other pronouncements issued that does not apply to the Municipality:

GASBS No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* (Period beginning after December 15, 2006)

GASBS No. 44, *Economic Condition Reporting: The Statistical Section* (Period beginning after June 15, 2005)

GASBS No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefit Other Than Pension* (Period beginning after December 15, 2007)

NOTE 1 GENERAL

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the Municipality of Humacao, Puerto Rico (Municipality) and is presented on the modified accrual basis. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements. The reporting entity is defined in Note (1) (A).

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- A. The accompanying Schedule of Expenditures of Federal Awards is prepared from Municipality's accounting records and is not intended to present financial position or the results of operations.
- B. The financial transactions are recorded by the Municipality in accordance with the terms and conditions of the grants, which are consistent with accounting principles generally accepted in the United States of America.
- C. Expenditures are recognized in the accounting period in which the liability is incurred.

NOTE 3 FEDERAL CFDA NUMBER

The CFDA numbers included in this Schedule are determined based on the program name, review of grant contract information and the Office of Management and Budget's Catalogue of Federal Domestic Assistance.

NOTE 4 PASS THROUGH GRANTOR'S NUMBER

The state or local government redistribution of federal awards to the Municipality, treated as if they were received directly from the federal government. OMB Circular A-133 requires the schedule to include the name of the pass through entity and identifying number assigned by the pass through entity for federal awards received as a subrecipient. Numbers identified as N/AV are not available.

NOTE 5 RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Expenditures of federal awards are reported in the Municipality's Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Fund as follows: Head Start \$6,700,198 and Other Governmental Funds \$7,586,310.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Mayor and Municipal Assembly
Municipality of Humacao
Humacao, Puerto Rico

We have audited the accompanying financial statements of governmental activities, each major fund and aggregated fund information of **Municipality of Humacao**, as of and for the year ended June 30, 2005, which collectively comprise the **Municipality of Humacao's** basic financial statements and have issued our report thereon dated December 21, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the **Municipality of Humacao** internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing an opinion on the basic financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. Reportable conditions are described in the accompanying schedule of findings and questioned as item 2005-II-1.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we believe that none of the reportable conditions described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **Municipality of Humacao** financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE WITH OMB CIRCULAR A-133

To the Mayor and Municipal Assembly
Municipality of Humacao
Humacao, Puerto Rico

Compliance

We have audited the compliance of the **Municipality of Humacao**, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2005. The **Municipality of Humacao's** major federal programs are identified in the summary of auditor's results of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of **Municipality of Humacao's** management. Our responsibility is to express an opinion on **Municipality of Humacao's** compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about **Municipality of Humacao's** compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of **Municipality of Humacao's** compliance with those requirements.

As described in item 2005-III-1 in the accompanying schedule of findings and questioned costs, **Municipality of Humacao**, did not comply with requirements regarding with the activities allowed compliance requirement that is applicable to its USDA Child and Adult Food Care Program. Compliance with such requirements is necessary, in our opinion, for **Municipality of Humacao**, to comply with requirements applicable to that program.

In our opinion, except for the noncompliance described in the preceding paragraph, **Municipality of Humacao**, complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

(Continued)

However, the results of our auditing procedures disclosed instances of non compliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying Schedule of Findings and Questioned Costs -Section III as items 2005-III-1,2 ,3,4, and 5.

Internal control over compliance

Management of **Municipality of Humacao** is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs.

In planning and performing our audit, we considered **Municipality of Humacao's** internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, of the reportable conditions described above, we consider 2005-III-1 to be material weakness.

Schedule of Expenditures of Federal Awards

We have audited the accompanying financial statements of governmental activities, each major fund and aggregated fund information of **Municipality of Humacao**, as for the year ended June 30, 2005, and have issued our report thereon dated December 21, 2005.

~~Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the **Municipality of Humacao's** basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements of **Municipality of Humacao**. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.~~

This report is intended solely for the information and use of the audit committee, management, state's fiscal agencies, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Internal Controls over Account Receivables

FINDING NUMBER
2005-II-1

Condition: The Municipality does not maintain an accounts receivable aging or subsidiary to keep track of the status of the amounts owed by tax payers to the Municipality.

Criteria: An accounts receivable aging should be maintained in order to expedite collection efforts.

Cause: The Municipality has not adopted a formal policy to maintain an accurate and complete accounts receivable aging.

Effect: The Municipality may not recover all the amounts due because there are no current records that provide for the amounts owed to the Municipality.

Recommendations: The Municipality should establish a formal policy of maintaining an accurate and complete accounts receivable aging and subsidiary to be used as a tool for collection efforts..

Management Response: We will establish these recommendations to correct this situation.

Condition: During our disbursement test, we did not observed stamped as paid the required documents such as: purchase or service order, invoice or breakdown for payment and disbursement voucher.

Criteria: Original supporting documents for all payments should be cancelled as "PAID" upon issuance of the payment order or check..

Cause: The Finance Director is not effectively overseeing that the payments division comply with the internal controls of canceling original supporting documents.

Effect: This situation exposes the Municipality to the risk for inappropriate payments because the invoice and related documents may be resubmitted for duplicate payments.

Recommendation: The Finance Director should oversee and require that the payment division cancels all original supporting documents as "PAID" upon issuance of the payment order or check.

Management Response: We are going to correct this situation to reduce the invoice duplicate risk.

Condition: During our subsequent collection test, we observed in one out of 40 volume of business tax declarations a tentative declaration of volume of business tax without the required oath by the taxpayer.

Criteria: Volume of business tax declaration shall be accepted and processed only when these are filed in accordance with municipal regulations, thus including the completed oath.

Cause: Finance personnel accepted the tax return without the oath as prescribed by policies and procedures.

Effect: Information in the tax return is not supported by required oath.

Recommendations: The Municipality should immediately contact the taxpayer and require the completion of the required oath. In addition, the Municipality should follow-up on any other tax declarations that do not have the corresponding oath.

Management Response: We will establish the instructions to correct this situation.

Fund Balance

Condition: The fund balance closed at June 30, 2005 with a deficit of \$ 45,000 approximately.

Criteria: Federal funds shall not incur in expenditures in excess of approved budget.

Cause: The Municipality failed to monitor the level of program expenditures to anticipate the shortfall.

Effect: This situation resulted in the violation of federal and local regulations that prohibit incurring in deficits.

Recommendations: The program officers should maintain accurate and complete budgetary records in order to prevent incurring in expenditures in excess of the approved funding level. In addition, for the currently presented deficit, the Municipality should inform the Federal government about its plan to overcome the situation, and on the meanwhile, should reimburse the federal program for the excess expenditures incurred. Under no circumstances, the Municipality shall charge the deficit to future appropriations.

Management Response: We understand that we have a receivable from HUD for an underpayment on vouchers assistant payments for fiscal year 2004-2005 that will be collected on fiscal year 2005-2006.

ACTIVITIES ALLOWED

Condition: During our audit we examined that the Food program made a loan of \$175,939 to Head Start to cover for payroll expenditures during the month of July 2004 as per check 2326 and Resolution 20 2003-2004. Loans to other funds are not cover as an allowable activities by program regulations, therefore is an unallowable activity.

Criteria: Per 7 CFR Sections 226.15(e)(14) of OMB Circular A-133 establishes that program funds shall be used solely to carry out food service operation or to improve such food service operations, principally for the benefit of the enrolled participants.

Cause: The head Start program did not have funds to cover for the own payroll expenditures and the Municipality approved the transfer of funds with full knowledge that the transfer was not an allowable activity of the USDE program.

Questioned costs: We decided not to question costs because subsequent to June 30, 2005, the Municipality reimbursed the USDA program.

Effect: Program funds, \$ 175,939, were not used for the acquisition of food or commodities during fiscal year, thus jeopardizing the Program's objectives and activities because these funds were not available to carry out program activities.

Recommendations: The Municipality should discourage and discontinue this type of practice. Officers should be instructed to forbid interfund transfers without the prior approval from the Federal grantor. Furthermore, budget controls should be established in all federal programs to anticipate the request of funds on a timely basis, to avoid interfund transfers. Should these be necessary, the Municipality may only use local funds for these purposes.

Management Response: At the moment of the transaction, the delegate agency did not have the funds to cover the payroll for the period a delay in the reimbursement from the grantor, Administracion para el Cuidado de Niños. The nature of the transaction was to satisfy a legit, allowable, reasonable and necessary purpose, which was to cover payroll expenses. We understand that this transaction constitutes an override of internal controls. This action was corrected on December 14, 2005 through the reimbursement of \$175,939 with check 015417 to the, USDA account, 233027989 of Banco Popular.

CASH MANAGEMENT

Condition: During our audit we observed that housing assistance payments were done at the middle of the month during the whole year, while cash deposits arrived to the bank account at the beginning of the month, as per bank movement analysis.

Criteria: OMB C-A 133 establishes that when funds are advanced, recipients must follow procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and disbursement. When advance payment procedures are used, recipients must establish similar procedures for sub recipients.

Cause: This situation occurred because the Program is not scheduling the payment to be issued within the five-day schedule.

Effect: Housing assistance payments are not getting at the beginning of the month to the rental home owners and PHA .

Questioned costs: None.

Recommendations: The Municipality should schedule the payment to owners as close as possible to the beginning of the month, timing of the receipt of funds.

Management Response: The payments are made at the beginning of the month. At the middle we have to do other payroll to pay the negative rent and to cover for the tenant's status changes.

Criteria: 24 CFR 85.21(f)(2) grantees and sub grantees shall disburse program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments. When funds are advanced, recipients must follow procedures to minimize the time elapsing between the transfer of funds from the U.S. Treasury and disbursement.

Cause: Program personnel have not established internal control to minimize the time elapsing of funds to cover cash needs.

Effect: Program has high cash balance over cash needs. If the recipient fails to expend those federal assistance funds within a reasonable period or fails to establish procedures to minimize the time elapsing between cash advances and the disbursement

Questioned costs: None.

Recommendations: In order to monitor and determine compliance with applicable cash management requirements, CDBG program should implement adequate internal control procedures which allow calculating the time between the request and the receiving of funds and the estimated required cash needs for that period.

Management Response: We can not avoid having high cash balances because we do not have control over the collections over program income cash deposits. We have various governmental rental clients that do not pay in a monthly basis. Therefore, we do not know when the deposits comes up and how much, before doing any cash request to cover monthly cash disbursement needs.

SPECIAL TEST AND PROVISION, REASONABLE RENT

Condition: During our audit we observed that program's personnel did not follow the HUD regulations on the determination that rent to owner is a reasonable rent. We did not observe in the newly participants files, as per our audit test over eligibility, program's personnel has not documented the determination of reasonable rent in accordance with the program's administrative plan. Instead, they use the fair market rent rates established by HUD that is not allowed to use without a comparable rent test in the housing area.

Criteria: As per OMB C-A 133, compliance N, The PHA must maintain records to document the basis for the determination that rent to owner is a reasonable rent (initially and during the term of the HAP contract) (24 CFR sections 982.4, 982.54(d)(15), 982.158(f)(7), and 982.507).

Cause: The program had many changes during this fiscal year 2004-2005, because they were in training to implement new procedures, and obtaining the necessary resources to ensure compliance, with the reasonable rent enforcement regulations.

Effect: The program may cause the rent prices in the private market to rise because program rental rates higher than the prices in the private market prices, because program personnel has not being doing any quotations on newly rental tenants.

Questioned costs: None.

Recommendations: The program must maintain a record to determine that the rent to owner is reasonable in comparison to rent for other comparable unassisted units.

Management Response: We present to auditor our rent reasonable study and our comparable rent test. These documents will be to the fiscal year 2005-2006.

HOUSING QUALITY STANDARDS INSPECTIONS

Condition: In our audit we have to examine the Housing Quality Standards Inspections to observe if the personnel program sent one person to inspect the housing at least one time annually. However, we noted the following:

- We found in 15 out of 44 participants were the re-inspection took more than one year.
- The inspector did not have a register to maintain a control of the previous inspection, in where they know the tenant's and housing owner's name, date and results of the previous inspection.
- Some failure inspection did not have an advice of the deficiencies to the housing owner's. Otherwise, we observed some housing fails the inspection, and the inspector sent the letter, for 24 hours if a defect is life threatening or must correct them no more than 30 days per calendar depends of the urgency. But, did not follow up monitories to verify if the owner fulfill with their responsibilities.

Criteria: OMB C-A 133, compliance N, The PHA must inspect the unit leased to a family at least annually to determine if the unit meets Housing Quality Standards (HQS) and the PHA must conduct quality control reinspections. The PHA must prepare a unit inspection report (24 CFR sections 982.158(d) and 982.405(b)).

Cause: The program had many changes during this fiscal year 2004-2005, because they were in training to implement new procedures, and obtaining the necessary resources to ensure compliance, with housing quality standards enforcement regulations

Effect: This situation results in the risk of accepting dwellings that do not meet the housing standards required for participating in the program.

Questioned costs: None.

Recommendations: The program should implement an inspection register to maintain control of the inspection date, tenant's and housing owner's name, inspection result and details that helped them to effectively monitor compliance with housing quality standards enforcement regulations.

Management Response: In July 1, 2005 we had begin to comply this compliance.
